Dear Sir / Madam,

Proposal for amalgamation West Coast Councils.

If we can have 1 Council for the whole district, we should have the Westland - Grey Districts together.

They have most in common, and then the West Coast Regional Council's work could be included.

Buller has more in common with the Tasman District.

There is too much duplication in both, like Grey Council is not as big in area as the Westland. So to me that would be the best for both.

F.J. Glacier sewage has not been sorted, of course rate could be spread out more.

Thank you.

A. KREMER
